

RDC ROAD REPAIRS

As some recent visitors might have noticed, the main Matopos road has deteriorated quite badly over the last year. Luckily a private company is busy repairing the road and we hope this will make it more pleasant for guests to drive out for their stay with us.

ZEBRA FOALS

It has been so rewarding to watch our 2 newest arrivals growing up and playing with each other. A couple of our zebra mares are possibly pregnant now, and we look forward to their foals dropping soon. Farmhouse now has 18 zebra total.

NEW PLATFORM

Due to the overwhelming requests for day visitors lately, we have built a new platform which overlooks our windmill vlei – where the main waterpoint for our game is. This can be booked for day visits or overnight campers.

NSWATUGI CAVE

A lovely, fairly large cave, Nswatugi is fairly close to Farmhouse and fairly easy to access. It has a slight climb, but not as steep as some caves. We do recommend this cave to enthusiasts. However we do suggest hiring a guide, as you may miss things, such as the “secret” Guardian of the Cave.....
